Welcome to OverDrive's Device Resource Center. Titles from OverDrive-powered sites can be enjoyed at your computer plus a wide variety of devices. For your convenience, we offer details on setups we've tested.

How to browse the Device Resource Center:

- Compatible setups are displayed below.
- Try the Device / Format filter to create a custom list of compatible devices.
- Compatible / incompatible OverDrive formats are displayed next to each device.
- Note: Your OverDrive-powered site may not offer all formats mentioned here.

Test a Device for Compatibility

Follow these steps to test a device for compatibility with OverDrive WMA and WMV titles.

1. Ensure that you have OverDrive Media Console installed.
[To download OverDrive Media Console, click here.](#)
2. Download the test file(s) of your choice. Select the format(s) you wish to transfer...
 -  [WMA Audiobooks](#)
 -  [WMA Music](#)
 -  [WMV Video](#)
3. Transfer the test file(s) to a portable device.
[For transfer instructions using OverDrive Media Console, click here.](#)
4. Play the test file(s) on the portable device.
If the file(s) play without issue, the device supports the format(s) tested. If the device will not play the test file(s), or if playback is erratic, the device may not support the playback of DRM-protected Windows Media files.
[To see what you can do if your device is not supported, click here.](#)

Notes

We are continually evaluating new devices and updating this list accordingly. If your device is not listed here, it might not have been tested. [For a list of incompatible devices, click here.](#)

Differences in device firmware (the software on which portable devices run) make it possible for two similar devices to have different results in regard to compatibility. Manufacturers often release firmware updates that may expand or limit device functionality. We recommend checking with manufacturers for the latest information on device firmware and file format support.

Unless otherwise indicated, OverDrive is not affiliated with and does not endorse any of the devices or manufacturers listed above.
